### **COUNTY SEEKS PUBLIC COMMENT FOR COMMERCIAL STORAGE SHED PROJECT ENVIRONMENTAL ASSESSMENT WORKSHEET**

Crow Wing County announces that an Environmental Assessment Worksheet (EAW) has been prepared for the development of 16.56 acres of land in Crow Wing County for a 71-unit cold storage facility. The proposed project would be located at the old drive-in movie theater location north of Brainerd on Hartley Lake (north ½ of Sec. 14, T134N, R29W). The proposed project would also include a clubhouse, wash bay, stormwater catchment basins, and associated amenities located in the First Assessment District.

An EAW is a document that is designed to set out the basic facts necessary to determine whether an Environmental Impact Statement (EIS) is required for a proposed action. The purpose of the EAW process is to disclose information about potential environmental impacts of a project. The worksheet contains 20 questions focusing on the project's environmental setting, the potential for environmental harm, and plans to reduce the harm.

**Public comments on the EAW should be submitted in writing to: [land.services@crowwing.us](mailto:land.services@crowwing.us) or mailed to: Crow Wing County Land Services Department Attn: EAW, 322 Laurel Street, Suite 15, Brainerd, MN 56401**

The public can review a copy of the EAW at the Crow Wing County Land Services Building or at the County website <https://www.crowwing.gov/211/Environmental>. Comments must be submitted to Crow Wing County by July 5, 2023, at 5:00 PM. The Crow Wing County Board of Commissioners will decide on the need for an Environmental Impact Statement at its regularly scheduled County Board meeting on July 11, 2023.
