WHEREAS, the updated Plan needs to be submitted to the legislature for approval, and

WHEREAS, it is the recommendation of the Crow Wing County Planning Commission that the following amendments be made to the updated Plan prior to submittal:

1. Management Objectives - C5, Pg. 21 - Add: 8 - Promote an environmentally sound, well-managed motorized recreational trail system.
2. Standards for Land Use - Section 0.3II, Pg. 45 - Add: 9. Prevent trail damage to the Mississippi Headwaters Board Corridor through education and sound management.

NOW, THEREFORE, BE IT RESOLVED the Board of Commissioners of Crow Wing County, Minnesota, requests the Mississippi Headwaters Board to add the above amendments to the updated Mississippi Headwaters Board Comprehensive Plan and Ordinance and submit it to the State Legislature in 2003, based on the following findings:

1. The amendment will assist the counties involved in administration of the Upper Mississippi Headwaters Joint Powers Agreement.
2. Will aid in the preservation and protection of the outstanding and unique natural, scientific, historical, recreational and cultural values of the first 400 miles of the Mississippi River.
3. The amendments clearly define the standards necessary for a strong and consistent zoning ordinance, including standards for conditional use permits, for consistent management of land use rules and equal treatment of land owners.
4. Will continue to allow Mississippi Headwaters Board to certify or disapprove variances, plats, zoning changes and conditional uses to encourage and promote consistent and effective protection of the Mississippi River.
