

# **Looking for Respite Care Providers!**

# What is respite care?

Respite care provides short-term (1 to 2 days per month) of relief for families. Children range between babies and 17 years old. Respite providers must be over 18 years old. You cannot work for Crow Wing County and provide respite services in the same county.

If you know someone interested in providing care for children, please have them reach out to Amy Keller at 218-824-1020 or [amy.keller@crowwing.us](mailto:amy.keller@crowwing.us).
