

**CROW WING COUNTY**  
**POLICY**

**SPECIFIC SERVICE SIGNS ON ROADS UNDER COUNTY JURISDICTION**

**County Board Approved: 08/12/08**

This policy has been prepared in the interest of safety and public welfare as a guide in preparing applications for specific service signs on roads under Crow Wing County jurisdiction.

Applications for specific service signs shall conform to Chapter 6 of the Minnesota Department of Transportation Traffic Engineering Manual and the Minnesota Manual of Uniform Traffic Control Devices. Business panels will not be allowed on specific service signs on roads under county jurisdiction. If a situation arises that is not covered in these manuals, the County Engineer shall make the final determination.

Anyone requesting the installation of a specific service sign shall complete the attached certificate of compliance and submit it along with the application form for installation of specific service sign available at the county highway department and on the highway department web site.

*Attachments: Certificate of Compliance*
