Adam Ossefoort, Todd County/SWCD

Candi Fuller, NRCS

Agenda Items:

Welcome and Introduction -

Introductions were completed of all meeting attendees.

Internal Review Comments –

Moriya presented all the comments that were received and highlighted comments that needed additional conversation.

A discussion was had about data gaps related to manure application and cattle access to streams.

Todd H asked if the plan referenced the LSP or if the LSP reference this plan. Moriya explained that often we have a summary of the LSP in the plan but in this case we do not. Appendices can be added if needed.

A break was taken in the meeting to wait until 2:00 for the PC to join the meeting.

Summary presentation of the whole plan –

Moriya walked through a timeline of the planning process and what the timeline is to get to implementation.

Moriya prepared a presentation of each plan section and presented to the TAC and PC.

The floor was open to any comments or questions. No additional comments or questions were shared.

Formal review comment process –

Moriya shared with the meeting that the goal is to open up the 60-day comment period on June 30th pending PC approval. The 60-day comment period would close on August 29th. Comments need to be submitted to Crow Wing County Land Services.

Remaining timeline -

There will be no meetings in July or August. The next meetings for the TAC and PC will be on September 26th. The public hearing will also be on September 26th. The goal will be to present the plan to the BWSR Northern Region Committee in December with the formal BWSR approval in January.

The TAC and PC Joint meeting was ended at 2:49 PM.
