

Ecological impact

Be aware of, and report any invasive species sightings. Clean off and dry out your equipment after leaving the forest. This stops the spread of invasive species.

Hunting and OHVs

Stay off trails during deer hunting season.

Recreational riding on forest trails passing through Crow Wing County-administered public lands is prohibited during the big game firearm hunting season.

See the most recent Minnesota hunting and trapping regulations handbook for more information.

PROTECT OUR TRAILS!

YOU CAN HELP

www.crowwing.gov

Please report any damage, downed trees, or persons doing damage to the trails.

OHV safety

- Get safety certified.
- Always wear an approved helmet and eye protection.
- Wear long pants, long sleeves, gloves, and over-the-ankle boots.
- Always ride at a safe speed.

This trail features...

- The only single-track, dedicated off-highway motorcycle trail on public land within 65 miles
- Challenging single-trail system with steep topography
- Scenic views of the Mississippi River

Follow trail signs.

County ATV/OHV trails are clearly marked with yellow trail markers. Watch for yellow directional trail markings and follow trail signage just as you would road signage. Stop, yield and follow speed limits where and when directed.

Respect for nature, the trail, and others

We all have a stake in responsible riding and land use.

Keeping riding areas open requires good relationships between public land managers, private owners, and others who share the trails. In most cases, common courtesy and consideration of interests is all that is necessary to ensure an enjoyable experience for everyone.

Respect private property!

ASK FIRST!

You must have permission to enter legally posted land or agricultural land. Trespassing laws apply to all outdoor recreation, including off-highway vehicle riding. Please be aware of boundaries between county and private lands. Best practices are to remain on marked trails.
