This trail features...

Follow trail signs.

County ATV/OHV trails are clearly marked with yellow trail markers.

Watch for yellow directional trail markings and follow trail signage just as you would road signage. Stop, yield, and follow speed limits where and when directed.

You must have permission to enter legally posted land or agricultural land. Trespassing laws apply to all outdoor recreation, including off-highway vehicle riding. Please be aware of boundaries between county and private lands. Best practices are to remain on marked trails.

ASK FIRST!

Respect private property!

Keeping riding areas open requires good relationships between public land managers, private owners, and others who share the trails. In most cases, common courtesy and consideration of interests is all that is necessary to ensure an enjoyable experience for everyone.

We all have a stake in responsible riding and land use.

Respect for nature, the trail, and others

Welcome to one of the many motorized, multiple-use trails in Crow Wing County. We're glad you are out enjoying the trails. This brochure provides helpful information for navigating trails and protecting them for other users. Take a quick read and hit the trail.

Ecological impact

Be aware of, and report any invasive species sightings. Clean off and dry out your equipment after leaving the forest. This stops the spread of invasive species.

Hunting and OHVs

Stay off trails during deer hunting season.

Recreational riding on forest trails passing through Crow Wing County-administered public lands is prohibited during the big game firearm hunting season.

See the most recent Minnesota hunting and trapping regulations handbook for more information.
