

Don't forget to check for Ticks!

Deer ticks, also known as blacklegged ticks, are just one of thirteen known tick species in Minnesota. They are most common in hardwood forests and wooded and brushy areas. Deer ticks are potential carriers of Lyme disease.

Check and re-check for ticks when you are in tick-infested wooded areas.

PROTECT OUR TRAILS!

YOU CAN HELP

crowwing.gov

Please report any damage, downed trees, or persons doing damage to the trails.

Contact Crow Wing County Land Services at 218-824-1010 or you can email us at: landservices@crowwing.gov

Crow Wing County

Parks & Trails Guide

Welcome to Crow Wing County Trails

The trails are here for us all to enjoy, whether you love to ski in the winter, or ATV, hunt, or hike in our warmer seasons. Here are a few things to remember so everyone can have a great time exploring the trail systems all across Crow Wing County. And always leave the area better than you found it!

Trail Safety

- You assume complete responsibility for your own safety on our trails. Rescue is not a certainty.**
- Stay on designated roads and trails.
 - Leave an itinerary of your plans with a friend or loved one.
 - Be aware of changes in weather and be prepared to spend a night outdoors unexpectedly.
 - Know how to identify and what to do about exposure to deer ticks or poison ivy.
 - Wear several layers of clothing in cold or wet weather.
 - Keep clothing dry or bring an extra set.
 - Bring high-energy food and snack often.
 - Drink plenty of warm liquids.
- Avoid hypothermia and frostbite.**

Ecological impact

Be aware of, and report any invasive species sightings. Clean off and dry out your boots and equipment after leaving the forest. This stops the spread of invasive species.

Stay off trails during deer hunting season.

Recreational riding on forest trails passing through Crow Wing County-administered public lands are prohibited during the big-game, firearm-hunting season. See the Minnesota hunting and trapping regulations handbook for more information.

Respect private property!

You must have permission to enter legally posted land or agricultural land. Trespassing laws apply to all outdoor recreation, including off-highway vehicle riding. Please be aware of boundaries between county and private lands. Best practices are to remain on marked trails.

ASK FIRST!

PRIVATE PROPERTY NO TRESPASSING

Follow trail signs.

County Hiker/Hunter trails are clearly marked with blue trail markers. Watch for blue directional trail markings posted to trees along the trails. ATV/OHV trails are clearly marked with yellow trail markers. Watch for directional trail markings and follow trail signage just as you would road signage. When ATVing, stop, yield, and follow speed limits where and when directed.
