## Website

Our website is at [Isllid.org](http://Isllid.org) and [Isllia.org](http://Isllia.org). Both resolve to the same site. Association Membership is online at our website. We've continued our new Lake Steward Program via Facebook and our website. The Lake Steward Program is designed to encourage shoreline restoration projects, and to educate about sustainable land management as it relates to water quality. Participants raising their score to a specific threshold are awarded a Lake Steward sign to display on their property.

We use Facebook, email, and our website to communicate with everyone. This letter is the only physical mailing we do each year. Please be sure to connect via one or more of our communication channels.

## Lake Steward Program

As overviewed at our recent membership meeting, we've starting a Lake Steward Program, sponsored by Minnesota Lakes and Rivers. Maribeth Grimsby and Peggy Aschenbeck are leading the way. The Lake Steward Program is a program designed for Lake Association use to encourage shoreline restoration projects among its members, and to educate about the sustainable land management as it relates to water quality.

So, do you want to become a Lake Steward and have an awesome sign to prove it? Steps are:

1. Watch an overview video, that we played at our meeting.
2. Take the online Quiz to see how you're doing already.
3. Be contacted by Maribeth and/or Peggy to review your quiz results and look at ways to improve your score.
4. Once your score meets the threshold, you'll be awarded a Lake Steward sign to display on your dock or in your yard to show everyone you are a Lake Steward and doing what you can to improve water quality on Lower South Long Lake.

This program is completely voluntary and I can tell you that my initial score was awful, but I've already worked to improve it. We know that many of us cannot do everything suggested, but that's not the point. The point is to do what makes sense for your property to improve your score and thereby improve what we all do together to maintain and improve water quality in Lower South Long Lake! We've started our journey to be Lake Stewards. If you're interested in joining us, visit our website at <https://Isllia.org/lake-steward-program/> to get started. All steps and links are there.

## **IMPORTANT NOTICE TO OUR POLICYHOLDERS**

### **NOTICE CONCERNING POLICYHOLDER RIGHTS IN AN INSOLVENCY UNDER THE MINNESOTA INSURANCE GUARANTY ASSOCIATION LAW**

PLEASE READ THIS IMPORTANT INFORMATION ABOUT YOUR POLICY

The financial strength of your insurer is one of the most important things for you to consider when determining from whom to purchase a property or liability insurance policy. It is your best assurance that you will receive the protection for which you purchased the policy. If your insurer becomes insolvent, you may have protection from the Minnesota Insurance Guaranty Association as described below but to the extent that your policy is not protected by the Minnesota Insurance Guaranty Association or if it exceeds the Guaranty Association's limits, you will only have the assets, if any, of the insolvent insurer to satisfy your claim.

Residents of Minnesota who purchase property and casualty or liability insurance from insurance companies licensed to do business in Minnesota are protected, **SUBJECT TO LIMITS AND EXCLUSIONS**, in the event the insurer becomes insolvent. This protection is provided by the Minnesota Insurance Guaranty Association.

Minnesota Insurance Guaranty Association  
7600 Parklawn Ave. #329  
Edina, Minnesota 55435

The **maximum amount** that the Minnesota Insurance Guaranty Association will pay in regard to a claim under all policies issued by the same insurer is **limited to \$300,000**. This limit does not apply to worker's compensation insurance. Protection by the Guaranty Association is subject to other substantial limitations and exclusions. If your claim exceeds the Guaranty Association's limits, you may still recover a part or all of that amount from the proceeds from the liquidation of the insolvent insurer, if any exist. Funds to pay claims may not be immediately available. The Guaranty Association assesses insurers licensed to sell property and casualty or liability insurance in Minnesota after the insolvency occurs. Claims are paid from the assessment.

THE PROTECTION PROVIDED BY THE GUARANTY ASSOCIATION IS NOT A SUBSTITUTE FOR USING CARE IN SELECTING INSURANCE COMPANIES THAT ARE WELL MANAGED AND FINANCIALLY STABLE. IN SELECTING AN INSURANCE COMPANY OR POLICY, YOU SHOULD NOT RELY ON PROTECTION BY THE GUARANTY ASSOCIATION.

THIS NOTICE IS REQUIRED BY MINNESOTA STATE LAW TO ADVISE POLICYHOLDERS OF PROPERTY AND CASUALTY INSURANCE POLICIES OF THEIR RIGHTS IN THE EVENT THEIR INSURANCE CARRIER BECOMES INSOLVENT. THIS NOTICE IN NO WAY IMPLIES THAT THE COMPANY CURRENTLY HAS ANY TYPE OF FINANCIAL PROBLEMS. ALL PROPERTY AND CASUALTY INSURANCE COMPANIES ARE REQUIRED TO PROVIDE THIS NOTICE.

## IMPORTANT NOTICE TO OUR POLICYHOLDERS

Please be advised of an upcoming change to our payment terms that may affect how you make your policy payments.

### **What's Changing?**

Effective April 1, 2025, a fee of up to 3% will be applied to all payments made using a credit card, where permissible. This fee is charged by our payment processing vendor to cover credit card processing costs.

### **How to Avoid the New Credit Card Fee:**

We offer several alternative payment methods that do not involve a credit card fee, such as:

- Electronic Funds Transfer (EFT) - direct payment from a checking or savings account. You can set up EFT through MyWestfield or by calling our Billing Team at 800.243.0210, option 2.
- Paying by check or other available payment method other than credit card.

We understand that this change may cause an inconvenience for you, and we appreciate your understanding and continued support as we strive to deliver exceptional service. If you have any questions or concerns, feel free to reach out to our Billing Team at 800.243.0210, option 2 or email [billing@westfieldgrp.com](mailto:billing@westfieldgrp.com).

## **NOTICE: BROADENED AND REDUCED COVERAGE GENERAL LIABILITY AND UMBRELLA MULTISTATE ENDORSEMENT REVISION**

This Notice does not form part of your policy. No coverage is provided by this Notice nor can it be construed to replace any provision of your policy. You should read your policy and review your Declarations page for complete information on the coverages you are provided. If there is any conflict between the Policy and this Notice, **THE PROVISIONS OF THE POLICY SHALL PREVAIL.**

The areas within the policy that broaden or reduce coverage or constitute other changes are highlighted below. This notice does not reference every editorial change made in your policy.

The material in this Notice refers to form and endorsement numbers; **however, not all forms and endorsements are included in a particular policy.**

---

### **BROADENING IN COVERAGE**

---

#### **CU 04 03 Employee Benefits Liability Coverage**

This endorsement is revised to state, in part, that "our obligation to pay damages on behalf of the insured applies only to the amount of 'ultimate net loss' in excess of the 'retained limit' shown in the Schedule of this endorsement". The definition of "retained limit", as it applies in this endorsement, will mean the available limits of "underlying insurance" shown in the Schedule of this endorsement as Retained Limit. The definition of "employee benefit program" is revised to include any similar benefit program specified in any underlying insurance. When this endorsement is attached to your policy, there is no impact as a result of the addition of the retained limit definition, as it generally reinforces the language presently in the endorsement. However, with respect to the revision of the employee benefit program definition, if any underlying insurance benefit plan was not already designated in the Schedule of this endorsement or added thereto by endorsement, it may result in a broadening of coverage.

---

### **REDUCTION IN COVERAGE**

---

#### **CG 20 11 Additional Insured - Managers Or Lessors Of Premises**

#### **CG 20 24 Additional Insured - Owners Or Other Interests From Whom Land Has Been Leased**

These endorsements have been revised to delete "arising out of" and add specific language that provides an additional insured with coverage for their vicarious or contributory negligence only. When these endorsements are attached to your policy, there may be a reduction in coverage for those states in which:

- Named insureds are permitted to contractually hold harmless an additional insured for that additional insured's sole negligence; and
- Courts have enabled coverage for the sole negligence of the additional insured.

---

## BROADENING OR REDUCTION IN COVERAGE

---

### **CG 20 17 Additional Insured - Unit-owners Of Townhouse Or Homeowner Associations**

This endorsement is revised to include unit-owners of homeowner associations. In addition, a provision is added to address restriction of coverage to the unit-owner for liability arising out of maintenance, use or repair of a portion of the premises (common area) that is reserved for the unit-owner's exclusive use or occupancy, *e.g.*, assigned parking area, garden plot, storage closets or lockers.

With respect to unit-owners of homeowner associations, this represents a broadening of coverage. With respect to unit-owners of townhouse associations, the provision restricting additional insured status for a unit owner's liability arising out of the ownership, maintenance, use or repair of that portion of the premises which is reserved for the unit-owner's exclusive use or occupancy may be a reduction in coverage.

### **CG 21 31 Limited Exclusion - Designated Operations Covered By A Controlled (Wrap-up) Insurance Program**

This endorsement is revised to add a definition of "controlled (wrap-up) insurance program" and revise Paragraph **A.** to emphasize the application of the exclusion to bodily injury and property damage arising out of ongoing operations as well as included within the products-completed operations hazard at the location(s) described in the Schedule. The attachment of this endorsement may result in a reduction of coverage, unless:

- If this endorsement replaces the previous version **CG 21 31** on a policy, it may result in a broadening of coverage.
- If this endorsement replaces **CG 21 54** Exclusion - Designated Operations Covered By A Controlled (Wrap-up) Insurance Program on a policy, it will result in a broadening of coverage.

### **CG 21 54 Exclusion - Designated Operations Covered By A Controlled (Wrap-up) Insurance Program**

This endorsement is revised to add a definition of "controlled (wrap-up) insurance program" and revise Paragraph **A.** to emphasize the application of the exclusion to bodily injury and property damage arising out of ongoing operations as well as included within the products-completed operations hazard at the location(s) described in the Schedule. The attachment of this endorsement may result in a reduction of coverage, unless if this endorsement replaces the previous version of **CG 21 54** on a policy, it may result in a broadening of coverage.

### **CG 22 36 Exclusion - Limited Products And Professional Services - Pharmacists**

This endorsement has been revised to limit the products/completed operations hazard exclusion to apply only to bodily injury or property damage arising out of the insured's products dispensed or sold in connection with the pharmacist's services, *e.g.*, prescription drugs. If the attachment of this endorsement replaces the prior version of **CG 22 36**, it may result in a broadening of coverage. The attachment of this endorsement to a policy not containing the prior version of **CG 22 36** results in a reduction of coverage.

### **CG 22 69 Pharmacists**

This endorsement is revised to:

- Generally, address state or federal laws affecting the professional services provided by pharmacists;
- Amend the exclusion for willful violation of a penal statute or ordinance to apply to the willful violation of applicable state or federal laws governing pharmacists, not just sales of pharmaceuticals;
- Amend the exclusion for certain specific services performed by a pharmacist to apply to all tests, not just blood tests;
- Remove managing drug therapy from the exclusion for certain specific services performed by a pharmacist; and
- Other editorial changes.

With respect to removal of managing drug therapy from the exclusion of certain specified services, this change may be considered a broadening in coverage. With respect to the amendment to the willful violation exclusion and the amendment to the exclusion for certain specified services related to tests, these changes may result in a reduction of coverage. Other changes have no impact on coverage.

---

## REINFORCEMENT IN COVERAGE

---

### **CG 21 01 Exclusion - Athletic Or Sports Participants**

#### **CG 21 41 Exclusion - Intercompany Products Suits**

This endorsement is revised to include the term "suit" within the endorsement, for consistency with language used in the new cross suits liability exclusion endorsements and is a clarification of coverage intent.

#### **CG 22 65 Optical And Hearing Aid Establishments**

This endorsement is revised to replace "including" with "the following" in the Insuring Agreement provision and other editorial revisions. This is a reinforcement of coverage intent and has no impact on coverage.

#### **CG 22 71 Colleges Or Schools (Limited Form)**

#### **CG 22 72 Colleges Or Schools**

These endorsements are revised:

- So that negligent supervision-related language will apply to the participation or practicing of any sports or athletic contests; and
- To replace "while" with "arising out of" in relation to the phrase "practicing for or participating in" to reinforce that injuries can be revealed at a time later than the related practice or participation.

These revisions are a reinforcement of original coverage intent and have no impact on coverage.

### **CU 21 01 Exclusion - Athletic Or Sports Participants**

This endorsement is revised:

- So that negligent supervision-related language will apply to the participation or practicing of any sports or athletic contests; and
- To replace "while" with "arising out of" in relation to the phrase "practicing for or participating in" to reinforce that injuries can be revealed at a time later than the related practice or participation.

These revisions are a reinforcement of original coverage intent and have no impact on coverage.

#### **CU 22 18 Optical And Hearing Aid Establishments**

This endorsement is revised to replace "including" with "the following" in the **Insuring Agreement** provision and other editorial revisions. This is a reinforcement of coverage intent and has no impact on coverage.

#### **CU 22 21 Colleges Or Schools**

This endorsement is revised:

- So that negligent supervision-related language will apply to the participation or practicing of any sports or athletic contests; and
  - To replace "while" with "arising out of" in relation to the phrase "practicing for or participating in" to reinforce that injuries can be revealed at a time later than the related practice or participation.
- These revisions are a reinforcement of original coverage intent and have no impact on coverage.

### **CU 24 36 Products-Completed Operations Aggregate Limit Of Insurance**

These endorsements are revised to include a non-concurrency provision regarding underlying insurance written on a claims-made basis. These changes reinforce coverage intent consistent with the limits of insurance provisions of the Commercial Liability Umbrella Coverage Form.

THIS NOTICE DOES NOT GRANT ANY COVERAGE OR CHANGE THE TERMS AND CONDITIONS OF ANY COVERAGE UNDER THE POLICY. IF THERE IS ANY CONFLICT BETWEEN YOUR POLICY AND THIS NOTICE, THE PROVISIONS OF YOUR POLICY SHALL PREVAIL.

## **POLICYHOLDER DISCLOSURE**

### **NOTICE OF TERRORISM**

### **INSURANCE COVERAGE and PREMIUM**

Coverage for acts of terrorism is included in your policy. You are hereby notified that under the Terrorism Risk Insurance Act, as amended in 2015, the definition of act of terrorism has changed. As defined in Section 102(1) of the Act: The term "act of terrorism" means any act or acts that are certified by the Secretary of the Treasury - in consultation with the Secretary of Homeland Security, and the Attorney General of the United States - to be an act of terrorism; to be a violent act or an act that is dangerous to human life, property, or infrastructure; to have resulted in damage within the United States, or outside the United States in the case of certain air carriers or vessels or the premises of a United States mission; and to have been committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion. Under your coverage, any losses resulting from certified acts of terrorism may be partially reimbursed by the United States Government under a formula established by the Terrorism Risk Insurance Act, as amended. However, your policy may contain other exclusions which might affect your coverage, such as an exclusion for nuclear events. Under the formula, the United States Government generally reimburses 85% through 2015; 84% beginning on January 1, 2016; 83% beginning on January 1, 2017; 82% beginning on January 1, 2018; 81% beginning on January 1, 2019 and 80% beginning on January 1, 2020, of covered terrorism losses exceeding the statutorily established deductible paid by the insurance company providing the coverage. The Terrorism Risk Insurance Act, as amended, contains a \$100 billion cap that limits U.S. Government reimbursement as well as insurers' liability for losses resulting from certified acts of terrorism when the amount of such losses exceeds \$100 billion in any one calendar year. If the aggregate insured losses for all insurers exceed \$100 billion, your coverage may be reduced.

### **PREMIUM CHARGED**

During your current policy period, the portion, if any, of your premium that is attributable to coverage for acts of terrorism as defined in the Act is \$ \_\_\_\_\_ (refer to Common Policy Declarations if blank).

**If you do not desire the coverage** for acts of terrorism as defined in the Act, as amended, you may reject the coverage and instruct the insurance company to remove it and refund the premium described above. **To reject the coverage, you must:**

- 1) advise the insurance company by letter (on your company letterhead),
- 2) signed by the owner, representative, or properly designated official of the named insured.

**The insurance company must receive your letter within 60 days** from the date shown at the bottom right side of the forms titled "Common Policy Declarations". Please refer to "Common Policy Declarations" for the mailing address of the insurance company.

If your policy premium is \$500, that may represent a minimum premium. In that case, the portion that is attributable to acts of terrorism as defined in the Act, as amended, may be included within that minimum and your total premium will not be reduced if you reject coverage for acts of terrorism. The minimum premium will still apply.

Should you have any question regarding this notice, please contact your insurance agent.

## TERRORISM REJECTION AUTHORIZATION

During your current policy period, the portion of your premium that is attributable to coverage for acts of terrorism can be found in the Declarations.

**If you do not desire the coverage** for acts of terrorism, you may reject the coverage and instruct the insurance company to remove it at issuance by submitting a letter on your letterhead or by completing and submitting this Terrorism Rejection Authorization form.

If your policy premium is \$500, that may represent a minimum premium. In that case, the portion that is attributable to coverage for acts of terrorism may be included within that minimum, and your total premium will not be reduced if you reject coverage for acts of terrorism. The minimum premium will still apply.

The rejection of coverage for Terrorism is valid and binding on all insureds and persons claiming benefits under the policy/application for the policy term as shown below.

This rejection of coverage for Terrorism will apply to any reinstatement, amended, altered, or modified policy with this company or with any affiliated company unless the Named Insured makes a written request to the company to exercise a different option.

After careful review of the Terrorism Coverage provided, I wish to reject coverage for acts of terrorism. Following is my signature authorizing the removal of this coverage from the policy noted below:

COMMERCIAL GENERAL LIABILITY COVERAGE PART  
ELECTRONIC DATA LIABILITY COVERAGE PART  
LIQUOR LIABILITY COVERAGE PART  
POLLUTION LIABILITY COVERAGE PART  
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART  
UNDERGROUND STORAGE TANK LIABILITY COVERAGE PART

### **SCHEDULE**

<b>Total Advance Premium:</b>	<b>\$ 609.00</b>
<b>Audit Noncompliance Charge Factor:</b>	Up to 2 times the Total Advance Premium
<b>Number Of Written Attempts to Obtain Audit Information:</b>	<b>2</b>
<b>Reassessment Charge:</b>	<b>\$0</b>
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

Paragraph 5.c. of the **Premium Audit** Condition under **Section IV - Conditions** is replaced by the following:

- c. The first Named Insured must keep records of the information we need for premium computation and send us copies at such times as we may request. If the first Named Insured fails to comply with this request at the close of an audit period, an Audit Noncompliance Charge will be assessed, and notice will be sent to the first Named Insured.

The additional charge will be determined by multiplying the Total Advance Premium by the Audit Noncompliance Charge Factor indicated in the Schedule of this endorsement. (The following example is for illustration purposes only.)

Example:

Total Advance Premium: \$25,000  
Audit Noncompliance Charge Factor: 1  
Audit Noncompliance Charge: \$25,000

- (1) We will only assess the Audit Noncompliance Charge:
- (a) For audits conducted after the end of the policy period; and
  - (b) When we have made the number of written attempts indicated in the Schedule of this endorsement to obtain audit information from the first Named Insured.

The due date for the Audit Noncompliance Charge is the date shown as the due date on the bill.

### **(2) Subsequent Compliance And Reassessment Charge**

- (a) The first Named Insured may notify us in writing, prior to the due date on the bill for the Audit Noncompliance Charge, that the Named Insured agrees to comply with the audit request.
- (b) A Reassessment Charge may apply if this charge is indicated in the Schedule.
- (c) The first Named Insured must comply with the audit within 30 days of our receipt of the written notification described in Paragraph (2)(a) above, and then the Audit Noncompliance Charge will no longer apply. If a Reassessment Charge is indicated in the Schedule of this endorsement, that charge will remain applicable.
- (d) If the first Named Insured fails to comply with the premium audit after 30 days of our receipt of the notification described in Paragraph (2)(a) above, a subsequent notice will be sent to the first Named Insured indicating that the Audit Noncompliance Charge and the Reassessment Charge (if applicable) will be final. The due date for the Audit Noncompliance Charge and the Reassessment Charge is the date shown as the due date on the bill.

# 2025 Curlyleaf Pondweed Delineation Survey

**Lower South Long Lake** (# 18-0136)  
Crow Wing County, MN

Surveyed June 11, 2025

## Survey, Analysis, & Reporting by:

James A. Johnson – Aquatic Ecologist – Freshwater Scientific Services, LLC

## Purpose of Survey

This survey was conducted to document the location and abundance of curlyleaf pondweed (CLP) remaining in Lower South Long Lake (#18-0136) in the late-spring of 2025 (3 weeks after treatment; treated 5/21/25). The results from this survey will help to assess the effectiveness of the spring 2025 herbicide treatments and guide curlyleaf management in 2026.

## Survey Method

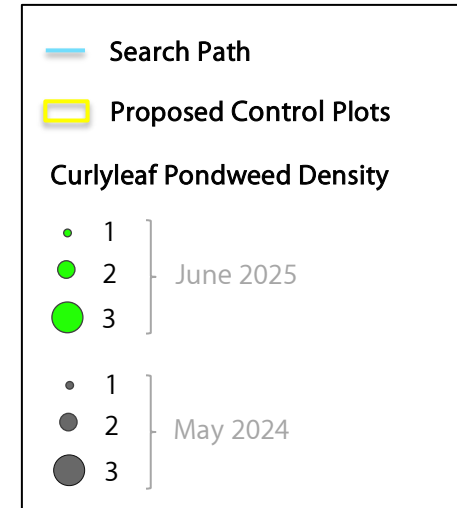

### CLP Delineation

We surveyed nearshore areas of Lower South Long Lake on June 11, 2025, with additional focus in areas where we have found denser CLP in the past. During this survey, we navigated a meandering path through the search areas while using a combination of surface observations, sonar readings, rake tosses, and aquascope observations to locate and delineate any areas of denser CLP growth. We used a hand-held Garmin GPS unit (GPS-MAP78) to record the search path and any locations where we encountered CLP. We also documented water depth and growth density (density rating; 1 to 3 scale as described below) at sites with CLP. The recorded water depths and CLP densities were linked to the appropriate GPS locations and then mapped using desktop GIS software.

Score	Visual	Rake
1	Light / Solitary plants	1-2 stems
2	Moderate / Scattered dense patches	3 to 9 stems
3	Dense / Uniform dense growth	10+ stems

## Lower South Long Lake (#18-0136) 2025 Curlyleaf Pondweed Delineation (3 weeks posttreatment)

This 2025 survey was completed after treatment, so we have included CLP points from 2024 when delineating plot boundaries for the 2026 control permit.

## 2025 Late-Summer Eurasian Watermilfoil Search

**Lower South Long Lake** (# 18-0136)  
Crow Wing County, MN

Surveyed August 13, 2025

### Survey, Analysis, & Reporting by:

James A. Johnson – Aquatic Ecologist, *Freshwater Scientific Services, LLC*

## Purpose of Survey

This late-summer survey was conducted to search for any Eurasian watermilfoil (EWM) growing in the designated portions of Lower South Long Lake (#18-0136). This information will help guide prevention and management decisions and would be required for DNR permits for controlling any areas of EWM.

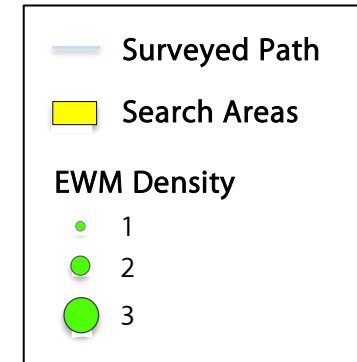

## Survey Method

### EWM Delineation

We surveyed the designated portions of Lower South Long Lake on August 13, 2025. During this survey, we navigated a meandering path through the search areas while using a combination of surface observations, sonar readings, and rake tosses to locate and delineate any areas of EWM growth. During this search, we also looked for any other invasive aquatics, but the primary focus was looking for EWM. We used a hand-held Garmin GPS unit (GPS-MAP78) to record the search path and any locations where we encountered EWM. For any locations with EWM, we also documented water depth and growth density (density rating; 1 to 3 scale as described below). The recorded water depths and any EWM densities were linked to the appropriate GPS locations and then mapped using desktop GIS software.

Score	Visual	Rake
1	Light / Solitary plants	1-2 stems
2	Moderate / Scattered dense patches	3 to 9 stems
3	Dense / Uniform dense growth	10+ stems

## Lower South Long Lake (#18-0136) 2025 Late-Summer Eurasian Watermilfoil Search

### No Eurasian Watermilfoil (EWM) Found

We did not find any EWM (or other invasive aquatic plants) in any of the surveyed areas. However, we did observe areas of very dense native northern watermilfoil and native coontail. Fluctuating water level can lead to greater surface-matting of these aquatic plants – particularly if water is high in the spring and then drops over the course of the summer.

## **Plans, Goals & Accomplishments**

In 2025 we experienced no board changes. Mike Bosquez was reelected to another 5 year term at the 2025 Annual Meeting.

We treated offshore curly leaf pondweed again this year and surveyed for effectiveness and to support 2026 treatment. Our new DNR representative insisted on personally validating the areas identified for treatment in the 2024 CLP survey. Because he surveyed when CLP is tiny, he did not find much and only allowed us to treat 16.3 acres vs the 56 acres in the 2024 survey. Therefore, CLP was rampant in our lake in 2025. The 2025 survey has now identified 70.1 acres. We anticipate meeting with DNR Management if not allowed to treat CLP in 2026. We cost shared property owner shoreline weed treatments at 50%, or \$150, whichever is less.

We continued water sampling over the Summer months and secchi disk readings.

One of our six buoys reached end of life so we will be ordering a replacement. We continue to maintain two buoys for a No Wake zone through the channel, and four buoys marking Shallow Water near the old island.

We participated in Crow Wing County's Starry Stonewort monitoring program again via monitoring the DNR Access, the inlet, the fishing dock, and the access on Cty Rd 22.

We continued monitoring for Eurasian Water Milfoil at the inlet and the accesses. None was found. We intend to monitor annually.

Water levels remained normal due to heavy rainfall throughout the Summer. They dropped substantially as the rain stopped falling. We continued coordination with the Lake Association at Clearwater Lake to keep the river flowing. We again worked with a beaver trapper to keep the water flowing. The goal remains to keep the river flowing to maintain water levels across all lakes along the Nokassippi.

Plans going forward are to continue all programs in place, and ensure we remain diligent in our surveying and treatment of AIS. Our 2026 budget was approved with a deficit due to anticipated treatment of CLP in 2026 due to the DNR not allowing us to treat it in 2025. We intend to maintain cash on hand to be ready for anticipated EWM treatment and treatment of other future AIS introduction to the lake. The large positive bank balance resulted from the DNR not allowing us to treat CLP this year and a few years of no offshore treatment of curly leaf pondweed.
