Form CR-AGUSE Instructions

What is this form used for?

The Agricultural Use Verification Form is used to aid your assessor to properly classify your property in accordance with new state law.

In 2008 the Minnesota Legislature amended Section 273.13, subdivision 23 which resulted in considerable changes to the way agricultural property is classified. Consequently, assessors across the state must abide by the new law and apply these changes to all property in the state. This form is meant to assist the assessors with this task.

If you would like to view the changes to the law for yourself, please reference Minnesota Laws 2008 Chapter 366, Article 6, section 26.

How to Complete this Form

When listing acreage, round to the nearest whole acre.

Be as specific as possible when providing production information.

Making false statements on this form is against the law.

Minnesota Statutes, Section 609.41 states that giving false information in order to avoid or reduce their tax obligations can result in a fine of up to \$3,000 and/or up to one year in prison.

Use of Information

The information on this form is required by Minnesota Statutes 273.13 to properly identify you and determine if you qualify for the agricultural property tax classification and programs. If you do not provide the required information, your application may be delayed or denied. Your County Assessor may also ask for additional verification of qualifications.
