

Crow Wing County Highway Department Special Event/Parades on County Roads

A request to hold a Special Event, such as a foot/bike race or parade on a county road is reviewed by the County Engineer. General information regarding the event will be taken into consideration as well as road conditions, construction or maintenance activities and any other considerations along the route.

1. Provide specific information regarding date, time and location of event, including if request is to close road to through traffic.
2. Provide traffic control and/or detour information for travelers approaching the event.
3. Provide a map of the route of the event.
4. Provide a copy of the certificate of insurance for the event. Event organizers will assume responsible for any damage done to highway property or injuries to persons participating in the activities.

The Highway Department has a trailer with a selection of traffic control devices available for use by groups holding an event along a county road. Rental fee for the trailer is \$25.00, payable when the trailer is picked up.
